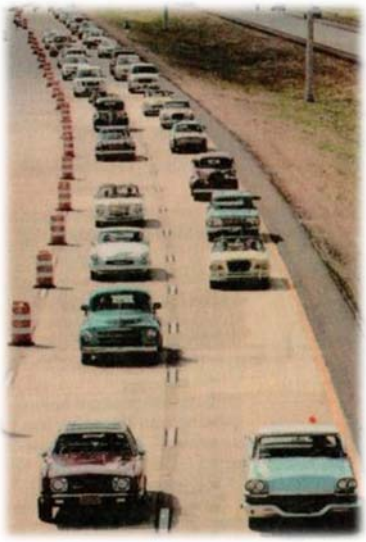
International Drive Your Studebaker Day

Don't forget to take your Studebaker out for a Drive on International Drive Your Studebaker Day. Ask your friends to pull their Studebakers out and make the drive with you. While you are out, stop and show them off.

The photo to the right is twenty-seven Members of the West Tennessee Studebaker Club out for a drive in their Studebakers on I-69 in Memphis, Tennessee on International Drive Your Studebaker Day. The sixth car back on the right side is Andria & Terry Brooks' 59 Silver Hawk.



*Share your Studebaker adventures in the next **"Smoke Signal"** from **"Drive Your Studebaker Day"**.*

Cogitations from our President

I grew up a child of the 50s! OK, I stole that line from a Country song, but it fits me well. Growing up in rural South Georgia during the 50s was a wonderful time and place to be. At least I thought so back then. But then that's all I knew. Winters were COLD. We had to gather in firewood and store it so it would stay dry and convenient to bring into the house when needed. We slept under layers of homemade quilts. sometimes we would put stones on the hearth to warm them up then put at our feet in the bed for warmth. But we always knew SPRING was coming. Warm weather, flowers blooming, and planting time.

Then came the HOT sultry days of Summer. School was out but the work was about to begin. Mechanical Harvesters were around but not plentiful. School Kids were plentiful. We spent most of our summers harvesting crops. First up was corn, then peanuts. In the hottest part of summer was that hot, sticky, steamy tobacco. Many times, the opening of School would be delayed due to the tobacco crop not being finished. Then came the dreaded COTTON! Handpicked and put in a sack. But it was not all work. Afternoons would find us at the Flint River fishing or swimming. We spent time Hanging with our cousins, we had LOTS of cousins, and there were those Saturday trips to town, Shopping, going to the movies, and the soda fountain at the drugstore.

Another great memory was that of our neighbors. Down the road to the right was my aunt and uncle with a house full of cousins. To the left was an old man named Mal Taylor and his wife. They never quite moved into the 20th century. Their basic transportation was a Studebaker. Pulled by a mule named Pete. Pete also pulled a plow and a Hay rake. Mal's brother Emmett lived next to him and was a little more progressive. Emmett drove a pickup truck. His son, however, was a different story. He was a wild young man with a big ol' Buick and was reported to transport illegal spirits from time to time. On the dirt road behind us lived another old couple, Mr., and Mrs. John Keaton. They had a 49 Studebaker truck that looked a lot like my Uncle Floyd's truck. I think his was a 51. On the same road as the Keaton's lived another couple whose name I can't recall, drove a 50-bullet nose 4dr. I thought that was the funniest looking car I had ever seen. Another Uncle had a 55 Conestoga. He was a shade tree mechanic and always had the hood up. I thought it was cool that his engine had "BEARCAT" on the valve covers. And then there was Mr. Wells. The principal of our little country school. He was a big shot. He drove a Packard.

Thanks for wandering down Memory Lane with me. And if I may borrow another line from a country song. "No amount of money could buy from me the memories I have of then; no amount of money could pay me to go back and live through it again."

Hope to see you in Hazlehurst in September.

Neil

The ***Smoke Signal*** is the bi-monthly publication of the South Georgia Chapter, Studebaker Drivers Club. Subscription is by membership to the South Georgia Chapter at $20.00 annually. Direct all membership correspondence to the Membership Director. Direct all correspondence relating to The ***Smoke Signal*** to the Editor, who retains the right to edit or modify any contribution. Deadline date is the 15th of the month for the following month's issue. The ***Smoke Signal*** is also an internet publication. The South Georgia Chapter is an officially chartered chapter of the Studebaker Drivers Club, Inc.; its by-laws were approved, and charter granted by SDC in June 1993. Membership is recruited from Georgia. And those from other areas wishing to join the chapter are welcome. All comments and opinions are that of the author and do not reflect the policy of the Chapters of National SDC. Chapter Officers are list on Cover Page.

Clubs Secretaries Report

Minutes from last meeting .....July 16th, 2022

What a beautiful day for a meeting! Twenty-four members/guests and 5 Studebakers and some extra cool cars were in attendance for the regular meeting. Bobby and Elaine Dorsey picked a new - to some of us venue, at the Lane Packing Plant/Orchard in Fort Valley, Georgia. It was a busy day, but full of happy people and peaches! Loren Asked blessings over the meal and after eating an assortment of peach ice cream, tarts, breads, pecans and other things, the meeting was called to order. There was not a great deal of business to cover, other than the updated By-Laws (see elsewhere in this edition). Changes/updates were discussed with reminders to review in the upcoming edition of the newsletter. Final vote to approve will be done once members have an opportunity to review. The Treasurer's report showed us in the black and up to date with debits/credits. There has been a good deal of illness within the club - prayers for health and well being are always welcome. Reminders of upcoming events and meeting were reviewed, including a suggestion to allow the September meeting, set for Hazlehurst, to be changed the to the following week in conjunction with the Southeast Zone Meet in Gainesville. After discussion, it was decided to leave as is – so the regular scheduled meeting for September will be September 17, with the Zone meet the following weekend. Members are encouraged to attend both, but if we can only do one, the Zone meet will be a bigger event. Many thanks to all who attended today, to the Dorsey's for the hosting and to all of you for the continued friendship and fellowship. I certainly enjoyed myself. The whole day was just..."PEACHY!".

Til next time,

Rebecca Burnette

The next meeting of the So. Ga. Studebaker Drivers Club Chapter is set for September 17th, 2022, at 12:00 a.m.
See page 5 for details.

Club member, Son of Rebecca Burnette, Club Secretary and Grandson of Neil Thornton, Club President, Matthew Burnette published an article in the July 2022 "Turning Wheels" titled "My Very Special Studebaker" on page 9.

It is an interesting article about his 53 Starliner that originally belonged to Dr. Robert Cade. Matthew recalls when seeing the Maui Blue and Ivory '53 Starliner he thought it was the prettiest Studebaker he had ever seen.

Matthew also published an article in the May 2022 "Turing Wheels" titled "Bervul's Makeover" on page eighteen through twenty-three.

This article covers Danny Thomas's restoration of a 1947 Studebaker Land Cruiser from the dormant stage in a pole barn to its displaying at the 2021 Indianapolis meet.

Check these articles out, you will find them interesting!

From: ..... Mike Benson

"Terry,

Here is an old photo I thought you could use for the newsletter. It's a blast from the past, a 1948 Studebaker and it must be somewhere in the South because it's in front of a Chicken Drive up restaurant."

Mike, after a little cyberspace research, I found Merle's BB&Q / Fried Chicken in Dallas, Georgia.

Photos from July Meeting

July 16th, 2022 - **Lane Southern Orchards -** Fort Valley, GA 31030 - *Host Bobby & Elaine Dorsey*

Thanks for Hosting!

Twenty-four members of the South Georgia Studebaker Chapter met at Lanes Southern Orchards for our July 16th, meeting. Lanes Southern Orchards was a great location for our meeting, Thanks Bobby & Elaine for hosting. Members present included Richard & Ann Miller, Terry & Andria Brooks, Barnie O'Quinn, Jr., Trey & Lisa & Levi Smith, Rebecca Thornton, Russ Winge, Sonia Farr, Denise Poole. Others listed with their Cars below. We had five Studebaker's present at the meeting, and they were showstoppers. As Lanes Southern Orchards customers came to the store they would stop and admire the Studebakers. Members that drove their Studebakers are Loren Hendley - 63 GT Hawk, Bobby & Elaine Dorsey – 59 Lark, Neil & Edie Thornton – 62 Lark, Jack & Deloris Durden – 56 Hawk, Rick Hughes – 55 Pickup.

Several other members drove one of their other brands, Wayne Edwards – 65 Mustang, David Roberts – Gazelle & Bob & Glenda Haggard's – Buick 1970 GSX Special.

Once we lined the Studebakers up in the front of the parking lot many of the customers came over to take photos and ask questions about the cars. It is great to share the cars history and talk about our Studebaker's. You know the thing that everyone always says, "My dad or Grandfather had one just like this". While many really can't remember what their parents or grandparents had, they still enjoy talking and remembering the memories they had in their Studebaker's.

Next Club Meeting

Mark your Calendars

September 17th, 2022 - Saturday at 12:00 a.m. until ~1:00 p.m.

Mocha on Main

11 S. Tallahassee Street, St. 2,
Hazlehurst, GA. 31539

May 20, 2023 – Saturday – 12:00 a.m. to ~1:00 p.m.
Bubba's Bistro
Address: 3881 US Highway 17, Richmond Hill, GA 31324-3365, Phone: (912) 756-3535
Host: Terry & Andria Brooks (912) 656-3581

Thank you all for hosting!

Have you considered Hosting an event? It is not complicated, you just pick one of your favorite spots (Restaurant, Park, Museum, or even your home) then make plans with the owner for a group of fifteen to twenty-five people to gather on the specified date for the meeting and a meal. The club will purchase the Host's meals for the work that you do in making the plans.

Currently we have Host's through the 2023 year.

Treasure & Membership Report

.....by Terry Brooks

OUR CLUB'S TREASURERS REPORT

While working at Corning in North Carolina we would have a safety meeting with the contractor supervisors each morning. Each supervisor would state the plans for the day and their plans for safety. One of the Contractors stated, "I don't want to be that guy!" You know the saying, ***"Well I didn't think that would happen!" DON'T BE THAT GUY!"***

Fire Extinguishers:

Do you have one in your car, and are you displaying correctly when you are at car events?

NOTICE FROM THE 2020 INTERNATIONAL SDC by the SDC to ALL DISPLAY OR JUDGED VEHICLE OWNERS.

Fire extinguishers will be required for any Studebaker being JUDGED or DISPLAYED at this year's International Meet. This guideline is also applicable to ALL zone or regional meets, sanctioned by SDC, where display or judging of cars is being done. This guideline will be enforced, again, at the 2020 International Meet August 5-8, 2020, in Chattanooga, TN. The text of this guideline follows below:

"The SDC Board of Directors has also stipulated, effective 1/1/2017, that a fire extinguisher is required for each car, displayed, or judged, at all SDC sanctioned Meets."

"When the car is on display, the fire extinguisher should be on the ground near the passenger side front wheel. For Drive-through judging, the fire extinguisher may be on the front seat or floor, but readily visible and available." The same rules apply for the AACA Club events.

Thoughts & Prayers:

Dr John & Arlene Hollier, In hospital since August of last year with Covid.
David Whitworth, recovering from stroke.
George Gratton with Kidney Surgery recovery
George Klutkowski with some medical concerns
Loren & Betty Hendley on going medical difficulties
Teresa Smith on going medical difficulties
Cilicia Pair feeling ill and missed our July meeting
And any others we may have missed.
Please remember these folks as their recover.

Thought for the Day

"I want my children to have all the things I couldn't afford. Then I want to move in with them." — Phyllis Diller

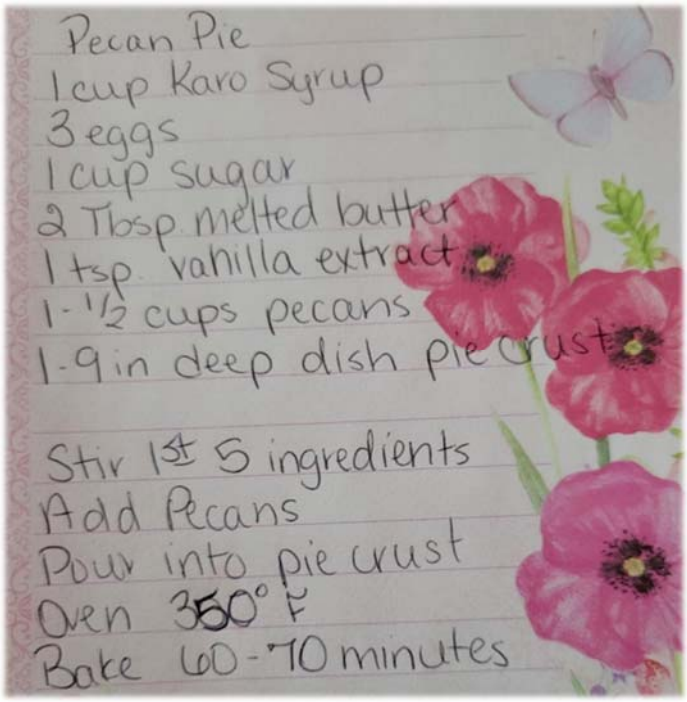
Recipes



Thank you, Betty Hendley, for this great recipe.

Now we need your favorite recipes.

Pull out your favorite recipe (s) and send it to me at teanle@comcast.net or (912) 656-3581 for the next Smoke Signal issue.

What's in your garage?

You can share photos of what's in your garage. Now it's Your turn to send in your story and photos. Email to: *teanle@comcast.net* or use your cell phone, quick & easy!!! Forward your photos to (912) 656-3581 for sharing.

No one submitted anything for this issue……

We would like to hear from you! We are constantly looking to feature your stories in the Smoke Signal. This is an opportunity to share your memories of tours and shows that you have joined, restoration plans, unique automobile stories and history or other stories you would like to share with the So. Ga. Studebaker Club. We assure you they will be appreciated.

Stories should average five hundred words or less with photos, so please include them. Submit your photos and stories to Terry Brooks teanle@comcast.net Smoke Signal editor.

Big Bend Studebaker Meeting

As you can see below it is easy to send in your stories. Loren Hendley wrote out his notes, then he photographed them on his phone and then forwarded to me by text message. In truth, Loren's granddaughter, Courtney did all the photography and texting, Thanks. Loren, Thanks for sending in your ***Big Bend Studebaker Meeting*** notes.

Meeting was held at Lake Seminole, Bainbridge, Ga. On June 11th, 2022, at 12:00.

Loren drove his 1963 GT Hawk 132 miles to arrive at the event, driving from 7:30 am to 12:00. Loren stated that his "A/C Worked Good."

There were twelve members in attendance with two Studebakers represented a 63 GT Hawk and 50 Commander four door.

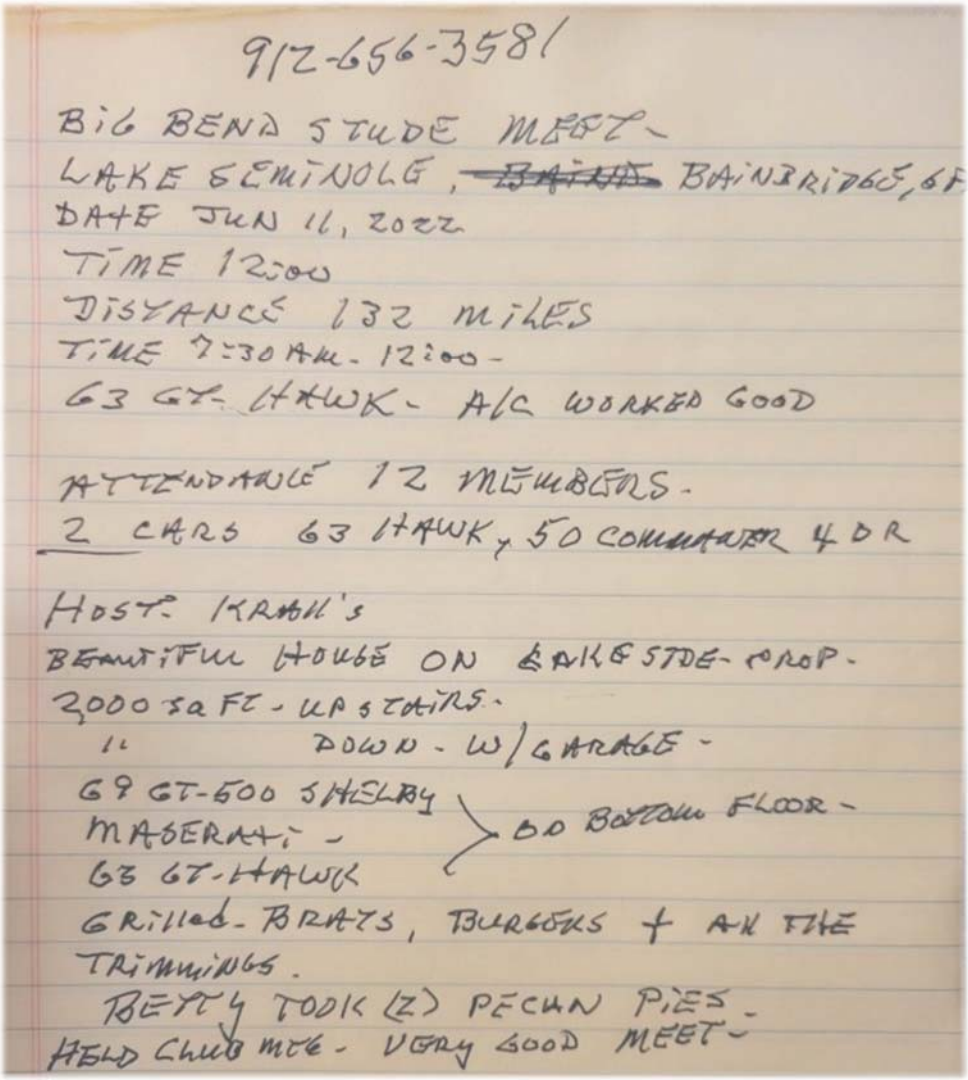
The meeting was Hosted at the Krall's beautiful 4,000 square foot house located on Lake Side Drop. The second floor was 2,000 Sq. Ft. and the lower level was 2,000 Sq. Ft. with a garage.

In the garage the Krall's have a 69 GT-500 Shelby, Maserati, and 63 GT Hawk. Loren stated by phone that all the cars were in top notch condition.

They grilled brats, burgers, and the trimmings. Ms. Betty Hendley took two of her famous Pecan Pies (see recipe on page 7 of this newsletter).

Loren said they held a club meeting that was "a very good meeting."

Thank you, Loren, for sharing this event with us.



912-656-3581

*Now the rest of you guys can send in your event stories for the **Smoke Signal**.*

"Touch a Truck"

The local Hazlehurst Library put on a program called "Touch a Truck" to encourage their summer reading program. All the local children were invited out to see different vehicles.

There were more than trucks, there were Fire Engines, Tractors, Police Cars, Ambulance, a Helicopter, and two old Studebakers (Neil's 1960 Lark Yellow Convertible & 1962 Lark Pink). When the helicopter lifted off at the end of the event it flew right over the two Studebakers as seen to the right.

The young man (Cody Foster) in the pictures is a high school boy who is working for Neil through the summer. He brought his little sister to the festivities.

It looks like the event was a lot of fun. Photos were taken by Mary Foster.

Neil, Thanks for sharing the event and those good-looking Studebakers.

RH, 9 Line, Rincon Cars & Coffee's

Keep America Beautiful, Drive Your Studebaker!

Figure 1 Andria & Terry Brooks' 59 Silver Hawk at the June 6th, 2022, Richmond Hill Cars & Coffee. The only Studebaker there out of forty-six cars and trucks.

Figure 1

Figure 2 Andria & Terry Brooks' 2001 WS6 at the Nine Line Cars & Coffee on June 18th, 2022. Only eight cars present, most (over 400 people) came for the sidewalk sale.

Figure 2

Figure 3 Andria & Terry Brooks' 2001 WS6 at the Rincon Cars & Coffee June 25th, 2022. Richard Miller had the only Studebaker there out of thirty cars. Good event.

Figure 3

Figure 4 Andria & Terry Brooks' 59 Silver Hawk and Mike Benson's 55 at the July 2nd, 2022, South Bridge Car Show. There was fourteen cars and trucks.

Figure 4

Figure 5 Andria & Terry Brooks' 59 Silver Hawk at Riley's Cars & Coffee in Rincon, Ga. Over sixty cars at the event, but only one Stude.

Figure 5

Where have you taken your cars?

Figure 4

Colonels in the US NAVY!

That's right, the US Navy does not have a rank of Colonel as scene in the chart below.

Commissioned Officers											
	O-1	O-2	O-3	O-4	O-5	O-6	O-7	O-8	O-9	O-10	**
Navy	Ensign	Lieutenant, Junior Grade	Lieutenant	Lieutenant Commander	Commander	Captain	Rear Admiral (Commodore)	Rear Admiral (Upper Half)	Vice Admiral	Admiral	Fleet Admiral
Marine Corp	2nd Lieutenant	1st Lieutenant	Captain	Major	Lieutenant Colonel	Colonel	Brigadier General	Major General	Lieutenant General	Commandant of the Marine Corps	General
Air Force	2nd Lieutenant	1st Lieutenant	Captain	Major	Lieutenant Colonel	Colonel	Brigadier General	Major General	Lieutenant General	Air Force Chief of Staff General	General of the Air Force
Army	2nd Lieutenant	1st Lieutenant	Captain	Major	Lieutenant Colonel	Colonel	Brigadier General	Major General	Lieutenant General	Army Chief of Staff	General

So why do I go by Colonel Brooks. Great question!

When I completed my duty in the US Navy after serving in Vietnam, forty-six countries, North & South Poles my home coming was not that great. People at the airport called me "A Baby Killer, spit and pushed on me". Not a good home coming for not only me but many Vietnam Veterans.

After a couple of years serving in the community, church, work etc. the Governor of Kentucky invited me and four other Vietnam Veterans to the Kentucky Capital where she "Martha Layne Collins" commissioned all of us as Kentucky Colonels, Aide-de-Camp on the governor's staff (see Commission from Governor to the right). The highest title bestowed in the state of Kentucky by the Governor. It is in recognition of an individual's noteworthy accomplishments and outstanding service to our community, state, and nation. Once you're a commissioned Colonel, you are a Kentucky Colonel for life.

COMMONWEALTH OF KENTUCKY

MARTHA LAYNE COLLINS

GOVERNOR

To all to Whom These Presents Shall Come, Greeting:

Know Ye, That HONORABLE TERRY W. BROOKS, BOWLING GREEN, KENTUCKY

Is Commissioned A

KENTUCKY COLONEL

I hereby confer this honor with all the rights, privileges and responsibilities thereunto appertaining.

In testimony whereof, I have caused these letters to be made patent, and the seal of the Commonwealth to be hereunto affixed. Done at Frankfort, the 30TH day of APRIL in the year of our Lord one thousand nine hundred and 85 and in the one hundred and 93RD year of the Commonwealth.

By the Governor

Secretary of State

By

Assistant Secretary of State

So, if a Kentucky Governor Commissions you to the title of Kentucky Colonel you are entitled to always be addressed in writing as 'Honorable (Full Name)' and 'Colonel (Surname)' anywhere you go the rest of your life.

Short summary of the title *Kentucky Colonel* dates back to 1813. The Kentucky Militia had just returned from a highly successful campaign during the War of 1812. When the Militia disbanded, Governor Issac Shelby commissioned Charles S. Todd, one of his officers in the campaign, as an Aide-de-Camp on the governor's staff. Todd's official rank and grade was *Colonel*.

The Colonels continue to contribute dollars to the goal of benefiting Kentucky and Kentuckian widows and orphans. In 1951 the IRS recognized the Colonels as a 501 (c) (3) charity. The Kentucky Colonels have distributed over 7,000 grants to charitable and educational agencies across Kentucky. For the last dozen years, the Kentucky Colonels' Board of Trustees has distributed approximately 2 million dollars each year impacting the lives for more than 3.8 million people in and around Kentucky.

Other famous Kentucky Colonel's are *Ann Margret, Ashley Judd, Barry Manilow, Betty White, Billy Ray Cyrus, Bing Crosby, Bob Barker, Bob Hope, Carol Channing, Crystal Gayle, Dale Evans, Danny Sullivan, Dick Smothers, Dwight Yoakam, Edgar G. Robinson, Elvis Presley, Foster Brooks, George Bush, Glenn Frey, Harlan Sanders, Hugh O'Brien, Jeff Foxworthy, Jeff Gordon, Jimmy Durante, Johnny Depp, Lloyd Bridges, Louise Mandrell, Mae West, Marie Osmond, Mario Andretti, Mel Tillis, Muhammad Ali, Naomi Judd, Norm Crosby, Norman Schwarzkopf, Peter Graves, Phyllis Diller, Pope John Paul II, Richard Petty, Ronald Reagan, Rosemary Clooney, Roy Rogers, Shirley Temple Black, Tiger Woods, Tom T. Hall, Wayne Gretzky, Wayne Newton, Winston Churchill, Wynonna Judd to name a few.*

And that is how this US Navy Veteran became an Honorable Colonel.

By ..... Colonel Terrill (Terry) W. Brooks

THE STUDEBAKER DRIVERS CLUB, INC.

(Here referred to as SDC) South Georgia Chapter By-Laws

Revised By-Laws submitted for Approval on: 07/05/2022

By-Laws Approved by Board of Directors on this date: 07/07/2022 Approved by Club on this date: XX/XX/XXXX

Article I. Name and Purpose

The name of this Chapter shall be "South Georgia Chapter SDC". (Hereafter referred to as the Chapter).

The purpose of this Chapter shall be to promote a closer relationship among owners of Studebakers and related vehicles in the South Georgia area; to promote the expansion of membership; to encourage the acquisition, preservation, and use of Studebakers and related vehicles; to sponsor, organize, and effectuate social events, tours, and exhibitions associated with Studebaker and related vehicles; to publish periodically a newsletter highlighting Chapter news, stories, membership data and related information, and, further, to own property incident to publishing the official newsletter; to use the Internet (as understood in terms of the worldwide web) to advance Chapter information, including the development and continuing enhancement of a Chapter website; to execute non-specific activities and discharge such responsibilities as necessary to function as a chapter in the SDC.

Article II. Membership

Membership in the Chapter shall be open to anyone who has qualified for membership in the SDC according to the provisions of Article II of its by-laws. In the case of persons residing in the same household who hold joint membership in the SDC, only one set of Chapter dues shall be assessed and only one copy of the of any Chapter publication will be sent to the household: Upon payment of Chapter dues, any person meeting the SDC qualifications shall be a Chapter member in good standing for the fiscal membership year to which the dues apply. Membership in good standing shall exist so long as dues are not more than thirty (30) days in arrears (that is, overdue thirty (30) beyond the end of fiscal most recent membership year).

II-A. Types of Membership

Active Member

A person as qualified above. All rights and privileges of Chapter membership apply, including the right to vote and hold office.

Honorary Member

Any person so selected who, in the opinion of the Board of Directors (see Article IV), has made an outstanding contribution to the Chapter.

Honorary members shall be exempt from paying Chapter dues. Such members shall be continued as such on a yearly basis at the pleasure of the board. Honorary members shall not be invested with the right to vote in Chapter affairs nor the right to hold office.

Subscribers

Any person who elects NOT to become a member of SDC (thereby being disqualified as an "Active" member) but wishes to support the Chapter in advancing its purposes stated above, may become a supporting member subscribing to the Chapter newsletter at the cost of $20.00 per Chapter fiscal year. Supporting members shall not be invested with the right to vote in Chapter affairs nor the right to hold office. Subscribers shall only receive electronic Copies of the newsletter.

II-B. Expulsion

Expulsion is a power reserved to the Board of Directors. Expulsion from the Chapter can occur only after serious reasons for expulsion are submitted to the Board of Directors in writing, signed and attributed to a claimant, notice of expulsion intent and reasons for such action are sent to the member concerned, and such member is given 30 days to respond.

Article III. Dues

Dues for active members shall be $20.00 per Chapter fiscal year.

The Board of Directors may change the Dues at any time upon thirty (30) days prior written notice to the club membership.

Any change in dues shall be submitted to the voting membership by any process approved by the Board of Directors. Any change in dues must be ratified by a majority of voting members.

Article IV. Board of Directors

The Board of Directors shall be elected by a plurality-vote of qualified members voting at a membership meeting occurring in January of each year. The term of office for each office of the Board of Directors shall be one year beginning at the close of the business meeting in which the elections are held and continuing until the next election. Nominations shall be from the floor and may be made by non-voting members. Nominees need not be present if prior written consent is obtained.

The Board of Directors shall consist of five (5) elected and three (3) appointed offices. The elected offices shall be President, Vice President, Secretary, Treasurer, Assistant Treasurer. The appointed offices shall be Chaplain, Newsletter Editor(s), Web-site Master. The appointed officers shall be appointed by the Chapter President and shall be ex-officio members of the Board.

Article V. Duties of Chapter Officers

The President shall preside at all meetings. This officer shall appoint willing persons from the general membership to serve as assistants to other officers or serve on special or ad hoc committees. The President shall, when appropriate, name a Membership Director, Activities Director, or other positions to facilitate actions in those areas of the Chapter. The President shall have the power to decide all questions of equal division and other powers usually vested in the top administrative officer of an organization, including but not limited to liaison with the SDC and interchapter relations.

The Vice President shall assume all duties of the President when the President shall relinquish them out of necessity or preference. The Vice President shall work closely with the President in the affairs of suitable meets, judging contests, awards, and other Chapter functions.

The Secretary shall record the minutes of the Board of Directors and general membership meetings. The Secretary shall maintain all Historical files, and report communications as may be required. It is the Secretary and/or the Treasures responsibility to answer all correspondence, communicate with all contacts made to and by the Chapter as directed by the Board of Directors.

The Treasurer shall collect and disperse funds of the Chapter, render the annual financial report of the Chapter, periodically communicate dues renewal notices to members, maintain current membership lists, and report the financial status of the Chapter as may be required. For the sake of publication mailings, the Treasurer shall coordinate with the newsletter editor(s) preparation and completion a membership roster. It is the Treasures and/or the Secretary's responsibility to answer all correspondence, communicate with all contacts made to and by the Chapter as directed by the Board of Directors.

The Assistant Treasurer shall assume all duties of the Treasurer when the Treasurer shall relinquish them out of necessity or preference.

Those serving in appointed offices shall serve in capacities as defined by the Board of Directors and as accepted by those appointees.

Article VI. Meetings

Meetings of the membership shall be at least twice per year with 30-days' notice by the Board of Directors at times and places determined by the Board.

Article VII. Policy

Administration of the Chapter will conform to the provisions of the By-laws of SDC, which take precedence in the event of any conflict; and the Board of Directors of the Chapter will abide by the decisions of the Board of SDC.

The Chapter assumes all responsibility, financial and otherwise, for any activities it conducts. Any SDC applications or SDC dues received by the Chapter will be promptly forwarded.

Article VIII. Amendments

These by-laws can be amended by a two third vote of qualified members voting at a general membership meeting. Said meeting will be advertised one meeting in advance through a process to be determined by the Chapter Board of Directors. Such changes must be approved by the SDC Chapter Information and Chartering Committee.

Our By-Laws will be voted on during our meeting in Hazlehurst on September 17th.

Tech Tips/Notes

Electrical Odds 'N' Ends

..... by Pete Yuen

A friend had an electrical problem with her car: The car would only start when the battery is fully charged. The battery terminals were checked and cleaned and still, after the car was sitting for a few days, it would not start. It was a poor ground that caused the problem.

When the battery was fully charged, there was enough current to get through a poor ground but when the battery was not fully charged, the poor ground did not allow enough power to get through to complete the circuit. Automotive Electric Systems and Electrolysis

The main components of the electrical system in a car are the battery and, in most cars today, the alternator. Recently, I have learned that a defective alternator can ruin a battery and a defective battery can have ill effects on the alternator. I guess that sounds fair.

Electrolysis occurs when unlike metals are in contact with each other but with a battery connected in a car, there is an increase of electrolysis in the car. To minimize the amount of electrolysis due to the battery connection, there needs to be a good ground in the electrical system. Electrolysis is even present in the water of the cooling system. The longer and dirtier the coolant is, the more electrolysis there is in the liquid. The Electrolysis causes the hoses to deteriorate from the inside. In severe cases, the electrolysis will even "eat" into the hose clamp. I have heard of aluminum radiators lasting only for a year. One can presume that the rapid deterioration is due to the electrolysis.

To minimize the electrolysis in a car that is going to be unused for a long period, the battery should be disconnected by removing one of the cables.

Copied from The ECHO - Grand Canyon Chapter - Chris Collins

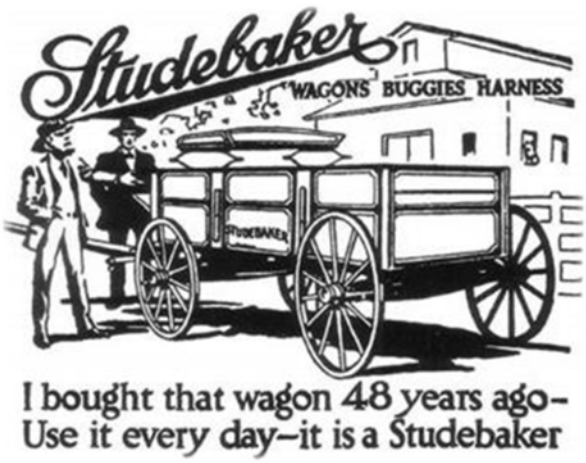
A Bomb Shell

The Studebaker brothers' COMPANY very likely never made a horse-drawn Conestoga wagon!! I know, - the Studebaker Corporation used that pioneering icon to their advantage a LOT.

Studebaker even presented a real Conestoga in its hometown (and 1952 Indy 500) parades. But THAT Conestoga was built by the 5 brothers' father in 1830 and used in their moves to Ohio and Indiana, years before the company was founded.

A Conestoga wagon was BIG - approximately 18 feet long and 11 feet high with ironed tires 4 inches wide and a curved floor made to hold cargo in place as it bounced over what passed for roads at the time.

Oxen were often used to pull one because of the very heavy loads a Conestoga was capable of hauling. It was used mainly in the Northeastern parts of the U.S. and into Ontario, Canada.



People traveling to the west of the Mississippi, however, wanted a lighter "prairie schooner" that could be used on a farm when they settled and pulled by horses, they could also use better on their prairie farms. So, by 1850 or so, the Conestoga wagon was obsolete. This is confirmed in The Studebaker National Museum's book "Over a Century on Wheels".

The Studebaker brothers made their bread and butter on the farm wagon/prairie schooner type wagons (plus sturdy but versatile and maneuverable wagons for the military) which were much in demand in the second half of the 19th century.

Of course, the company made several thousand much better-looking motorized Conestoga station wagons about a century later! I'll take a '54 Deluxe Commander in Maui Blue!

Thanks to Roger Hill, Member, Hamilton Chapter, Ontario, Canada.

All About Tires

Are your tires tired? It is a scientific fact that after 7 years of age the rubber compounds that make up tires become brittle and deteriorates very quickly. At 10 years from date of manufacture tires are considered to be unsafe.

When we look at our collector car tires, we usually see very little tread wear due to our driving limited miles over the course of a year. Contrast this to our daily driver cars and we normally see that tires on a daily driver usually do not even last 10 years as they are worn out tread wise in less than 70,000 miles.

If you choose to drive on old tires, you are taking a chance of blowout. This severe action usually results in a bad situation and often the vehicle careens off the road. A bad thing.

How do we check the age of our tires? This is relatively easy since the tires are stamped with a date code on the sidewall. There are a string of numbers and letters on the sidewall, but we are interested only in the last four digits which spell out the week and year of manufacture. i.e., 2616 means the tire was made in the 26th week of 2016.

After you read this article, I hope that you go out to the garage and check your sidewall for the date codes of your tires and if necessary, consider buying new tires prior to taking your car out on the road again. While you are at it you may want to check the tire pressure. New cars have the pressure indicated on a sticker on the door jamb of the vehicle, but our older cars leave that up to the owner to determine. My recommendations for bias ply tires are to run them at 28lbs front and back. If you have converted to radial tires (a good idea) you should probably run them with 32lbs pressure. Check them before you set out on any road trip.

While we are on the subject of tires it is a good time to speak about tire balancing. All tires should be balanced when installed on a rim. If you get a vibration usually felt in the steering wheel at 65mph it is a sign of a tire out of balance. Besides the shaking which does not do anything good for your suspension, it normally begins the process of “cupping” or making flat spots on your tire, if left untreated. If left for a long time in an unbalanced state, the tire will be rendered useless.

Tires are the only contact that your car has with the road. That small patch of rubber is all that separates you from serious accidents. Inspect your tires for cracks especially near the rim where the sidewall contacts the rim. This is usually the first place that tires start to deteriorate, and cracks appear.

I know that Studebaker people are often referred to as “cheap” but when it comes to your tires do not take a chance on them for the sake of saving a few dollars.

By Peter Sant .....Thanks Susan Lusted

Nuts and Bolts

This is the time of year that we all start to get our Studebakers out from underneath their blankets. Besides the usual oil water and cleaning there is an important task that we all should make part of our Spring ritual: Nut and Bolt check.

Besides the many grease fittings (I think that Studebaker engineers must have had a financial interest in a grease gun company) there are numerous nuts and bolts that require your attention. The important ones are the lower control arm bolts. These have a tendency to come loose. The bolts that hold the steering box to the frame are often neglected and if that is the case steering becomes a bit wobbly. Universal joints should also be checked for tightness. Spring is also the time for tire rotation (you do rotate your tires, don’t you?). You can use an impact gun to remove the wheel lug nuts but NEVER use an impact gun to reinstall or tighten wheel studs. This is especially important if you have disc brakes. Over tightening wheel studs on a disc brake set up will warp the rotors causing the brakes to chatter on application. I use a torque wrench set at 85 Foot Pounds.

Once you get your Studebaker on a hoist or on stable jack stands check that the centre belcrank mount is secure. Tighten the bolts on the crossmember that hold the belcrank in place. This is a good time to ensure that there is not up and down movement in the belcrank linkage. If the is any vertical movement, you may need to replace the pivot bearing assembly. This is the part that is most often overlooked when applying grease to the grease fittings because the fitting that lubricates this item is through the hole on the crossmember under the engine. Hard to find if you are not aware that it is there. Check the pinch bolt that holds the belcrank. It needs about 65-foot pounds of torque. (A lot)

Make sure that the bushings on shock absorbers are in good shape and the bolts that hold them on are tight. Do not over tighten to the point that the rubber bushings are squashed.

In the engine bay ensure that the intake manifold hold down bolts are snug. The same with the bolts that hold the carburetor and exhaust manifold are also snug. Check that your belts are in good shape and adjusted to specs and you are ready to get some fresh gas and start on your summer touring secure in the knowledge that most of the parts on your Studebaker will not fail you.

Funny Bones

My wife is so negative. I remembered the car seat, the stroller, AND the diaper bag. Yet all she can talk about is how I forgot the baby.

I want to die peacefully in my sleep, like my grandfather. Not screaming and yelling like the passengers in his car.

Two fish are sitting in a tank. One looks over at the other and says: "Hey, do you know how to drive this thing?"

With the rise of self-driving vehicles, it's only a matter of time before we get a country song where a guy's truck leaves him too.

Apparently, I snore so loudly that it scares everyone in the car I'm driving.

A dad is washing the car with his son. After a moment, the son asks his father, "Do you think we could use a sponge instead?"

Riddles to Consider

Can you figure out the answers to the riddles?

1. I come one in a minute,
Twice in a moment,
But never in a thousand years. ..... 1. _____

2. I always run, but never walk.
I have a bed, but I don't sleep.
I have a mouth, but I don't eat. ..... 2. _____

3. When you put this in a heavy wooden box,
the box will become lighter. ..... 3. _____

4. You hear my sound,
You feel me when I move,
But see me you never will. ..... 4. _____

5. I follow you all day long,
But when the night or rain comes, I am all gone. ..... 5. _____

6. The more I dry,
The wetter I get. ..... 6. _____

7. I am very heavy,
But backwards, I'm not. ..... 7. _____

8. A cowboy rides into town on Friday.
He stays two days, then leaves on Saturday.
How can this be? ..... 8. _____

Nothing. Nothing is sweeter than honey or hotter than the sun.

The King needs nothing, the beggar has nothing.

Eat nothing and you die of starvation.

ANSWERS to 1 through 8 above:

1. *The letter M*
2. *A river*
3. *A hole*
4. *The wind*
5. *A shadow*
6. *A towel*
7. *Ton*
8. *His horse's name was Friday*
